

Garages

Workshop can be used as a single car garage.
Overhead door additional cost.
Insulated garage doors available.

12x24 Shed with optional overhead door

24x24 Red Double Wide

Dormer Sheds

Custom designed to match your home.

Here are just a few of the upgrades and options you can select:

- Siding:** pine board-and-batten, vinyl
- Doors:** overhead garage-style, steel-house, larger doors, single doors, with and without windows
- Windows:** jalousie, slide up, double hung, larger sizes
- Floors:** insulated, re-enforced, double plywood
- Roof:** architectural shingles, metal sheeting
- Functional Add-ons:** shelving, lofts for overhead storage, workbenches, ramps, vents, electrical packages
- Decorative Elements:** shutters, flower boxes, cupola, weathervane, porch

Standard wood framing techniques and materials are used, scaled to shed dimensions. Two 4x4 pressure treated timber skids form the foundation runners on 6' and 8' wide sheds. Five 4x4 pressure treated timber skids form the foundation for 10', 12' and 14' wide sheds. Now using new environmentally safe treatment for 4x4 skids. Floor joists are standard 2x4's spaced 16" on center, and covered with 5/8" plywood flooring. 2x4"-16" on center on all sheds. Roof trusses are designed to give the maximum headroom over most of the floor area. The roof consists of 1/2" wood sheathing and shingled with 240lb. asphalt roof shingles. Wood grain 1/2" residential exterior siding finishes the exterior.

Door openings are framed, and double swinging, doors are re-enforced in a decorative pattern, opening a full 48" wide with 5'8" height. 10' wides have full 60" opening by 6' height. 12' and 14' wides have a full 72" opening by 6'3" height.

Trim & Exterior

Sheds are normally finished in your choice of the following colors:

Barn Red	Beige	Blue	Clay	Dark Brown	Gray
Green	Light Gray	Tan	White	Brown	Hunter Green

Mini Barns

Our barns and custom designed storage sheds are long lasting, rugged, maintenance free, good looking, and easily movable. We will build storage and special purpose buildings in many stock sizes and custom designs. Stock designs include one aluminum awning window. To preserve your shed we recommend rain gutters.
